**Declaration of Proxies:**

No proxies were received.

**Minutes of the last GM:**

Moved Graham Bunn, seconded David Miller that minutes of the last General meeting be accepted.

**CARRIED**

**Business arising from minutes:**

There was no business arising from the previous minutes.

**General business:**

**Stabilator Horns:**

Graham Bunn reported that we are currently having no problems and the manufacturing was going well. We are still selling regularly to the USA via Johnsons Aircraft Services.

**Oleo Housings:**

Graham Bunn reported that Ossie Miller had taken over the management of this issue and that negotiations were well advanced for a new batch and there will be very likely sales to USA as they can no longer weld damaged oleo housings. Ossie is to be thanked for his efforts and also to John Moore for his previous efforts.

**Future Fly Ins:**

Unfortunately these have all been suspended due to the Covid-19 pandemic. We are very hopeful of an Autumn Fly-in 2021 and Ossie Miller is very keen to resurrect the postponed Woolongong (HARS) fly-in.

**Pilot Proficiency Program:**

Graham Bunn reported that the Society was still very keen to run this early in 2021.

As there was no other business, Graham Bunn closed the meeting at 1143 hrs.
